• - Standard ○ - Optional

* Airbag Notice: The 2005 Camry Solara features a driver & front passenger airbag Supplemental Restraint System (SRS) which activates only in a full-frontal collision of sufficient magnitude to inflate the bags. In moderate frontal collisions, the airbags may not inflate; in a rear or side collision the airbags are designed not to inflate, so the primary protection is provided by the lap and shoulder belt system. The 2005 Camry Solara also features a Front Seat-Mounted Side Airbag and Front Head/Side Curtain Airbag (SLE V6 Coupe only) Supplemental Restraint System (SRS) which activates only in a side-impact collision of sufficient magnitude to inflate the bags. Seatbelts must be worn at all times by all occupants.
